NEWS FROM THE SCHOOLS

There is nothing more desirable or necessary for the good of the schools than cooperation on the part of the parents with the teachers. Now that the end of the school year is drawing near—there are but eleven weeks left—it is hoped that some of the parents will give closer attention to the report cards that are sent home each month, so that, where more work is needed to insure promotion, the fathers and mothers may bring pressure to bear to see that there is the necessary amount of effort on the part of the children. At the end of each school year there are people who show surprise, others who feel disappointment, and some who express indignation at the teachers, because it is found that some of the children have not been promoted. The teachers feel that they have done all that they can when they use every effort to make the scholars study in school and help them all that they can to ward that reward. Over evening study the teachers have no control. That is a matter that is in the hands of the parents. This is true more especially of high school students. It would also be a sign of encouragement if more of the parents would avail themselves of the opportunity to visit the schools in person and see for themselves what sort of work is being done.

This next week a penalty is to be fixed in the high school by the faculty to remedy the existence of so much unnecessary tardiness. The same condition of affairs has been greatly improved in the grades by the granting of a half holiday to those who attain a high standard of punctuality and attendance. It was hoped that, in the high school, the students, because they were older, would not need penalties or rewards. Experience has shown that a penalty is necessary. For the present a regulation in use last year will be tried, viz: Any student who is tardy without excuse will be required to make up the time after school. When a parent sees on the report card a record of from six to twelve, and in some cases more, tardy marks for a month, it is difficult for the teachers to understand why there is not sufficient pressure brought to bear on the part of the parents to reduce the record to a minimum.

With the game at Yerington this evening between the girls of the Tonopah and Yerington high schools, the season of indoor athletics will be closed. The girls of the high school have made a record in basketball that is in pleasing contrast to that attained by the boys. To Miss Bray and Mr. Young is due much credit for many hours of faithful and efficient work devoted to the girls' team, which thus far has won two out of three games with out-of-town organizations.

The boys in the manual training department have recently been given valuable practice in the rudiments of mechanical drawing, making plans on paper before setting out to construct objects from wood.

Excellent progress has been made in drawing in the high school and grades since the department was re-established in January. It is planned

to give a public exhibition of the best work in connection with some other public school event later in the spring.

"The National Flower," a musical play, has been selected for presentation by the grades at the time of the graduation of the eighth in June. The play will be in costume and will take in pupils from each and every grade and a few from the high school.

AMUSEMENTS

PASTIME THEATER

The offering tonight will be "Kidnaped," a two-reel Latium feature that is intensely interesting along sensational lines. It is a picture with a snap and bank to it and not one with a tedious drag. "Leonice and His Guardian" is a Gaumont comedy of the laughable kind. "Granny" is a Pilot drama with a strong heart appeal, a picture that is always pleasing as well as interesting. Tomorrow another of those fine Mutual programs.

Because of a typographical error yesterday's program was caused to read six reels of pictures rather than four. It is neither the effort nor the intention of the Pastime theater to cause a misleading announcement to be uttered.

Monday and Tuesday Daniel Frohman presents Henry E. Dixey in an original drama of the underworld, "Chelsea 7560," a metropolitan mystery in motion pictures. A concise review of this startling masterpiece follows:

Henry E. Dixey, the famous "legitimate" star, one of the foremost favorites of the American stage, distinguishes "Chelsea 7560" by his convincing characterization of an eminent, able and conscientious detective. The play sounds every depth of the underworld, discloses its secrets, its methods and emotions, and penetrates the intricate labyrinth of the submerged half. In a relentless pursuit of a trained and resourceful gang of counterfeiters, which later develops into an intense mental and physical contest, with many impending difficulties and heart-breaking disappointments, but which eventually culminates in a complete and decisive victory. Mr. Dixey is provided with one of the strongest parts which in all his versatile and extended career he has ever portrayed. Startling revelations, ingenious machinations and overwhelming climaxes crowd fast in thrilling succession; and through it all the mystery and fascination of the world that lives under cover.

BUTLER THEATER

At the Butler this evening a splendid program of pictures will be shown as follows: "The Squire's Mistake," a Lubin drama; "The Electrician's Hazard," a Kalem drama; a Biograph split reel showing "Just Boys" and "Reggie, the Devil," comedies; and "The Windfall," a Lubin drama. All in all a very interesting program. Tomorrow, the first number of "The Adventures of Kathlyn," a three-reel Selig wild animal feature. Kathlyn has leopards for pets and lions for playmates, and her adventures in wild lands pile up a series of experiences most realistic and exciting. A story of mystery keeps other interests quickened, while ingenuity and elaboration of situation make "The Adventures of Kathlyn" as unusual as they are attractive.

SAPHO ENJOYED

A large and appreciative audience packed the Butler theater for two shows last evening to witness the production of "Sapho," which was enjoyed by every one.

SHIPS RACE HORSES

M. P. Guilleman, manager for George Wingfield's stock farm, shipped three race horses to Sacramento today, where they will be trained for future race meets on Montana and eastern race tracks. The horses were: Mineral Water, a full brother to the celebrated Bullfinch Water; Rey Del Siphon and Finisher, a three-year-old filly, a product of the Theodoros Wingfield estate farms—Reno Gazette.

AT THE BIG CASINO

Two reels of independent motion pictures which have never been shown here before will be produced at 8:30 p. m. and 10:30 p. m. Entire change of program every evening.

FORTS IN KHYBER PASS RUSHING TO COMPLETION

ENGLAND SPRINGS A SURPRISE BY BUILDING A GIBRALTAR IN INDIA

(By Associated Press.)

PESHAWAR, India, March 21.—With secrecy and speed unusual in public work, English army engineers are rushing to completion the forts and roads of Khyber pass, to make it a Gibraltar against invasion from the north.

As domestic unrest grows in India, the fear of the Russian bear and the Hindu empire increases, and England is clearly determined not to be attacked in the rear in the event of a native rebellion.

Two years ago the road across the famous pass was hardly more than a trail for pack animals, but today Khyber is traversed by two roads suitable for the fastest and heaviest military traction. The defensive works have been constructed with such secrecy that none of the details are known to the public. It is believed that the natural battlements formed by the cliffs above the roads are honeycombed with hidden embrasures behind which great mountain guns lie hidden. Competent engineers believe that unless the defending force is cut off from the south, the pass can be defended by a small garrison even against a host such as the ancient invaders of India brought down from the north.

It is of exceptional value at the price. It is sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.
